# Taking Tests from Home: A Quick Guide for Families

Students may need to take an Interim Assessment from home. This guide will provide some important considerations and help you learn how to log on to the testing site.

Interim Assessments are designed to let teachers know what your child has learned and how best to support them next in their learning. For accurate results, your child must take the test without additional resources, such as guidance from family or friends or online resources.

To help your child prepare for their test, ensure your child has a quiet area to test on their own.

You may also want to help your child get used to the testing environment before they take an interim assessment. Please visit this guide to learn how to take a practice test.

## Steps to Complete Before you Take the Test

- [ ] Download the Chrome web browser or a Firefox web browser on your student's computer:
    - [ ] https://www.google.com/chrome
    - [ ] https://www.mozilla.org/en-US/firefox/new
- [ ] To maximize internet speed, ensure that other connected devices or programs are not in use.
- [ ] Take a practice test.

## To log in the test, make sure you have the following:

- [ ] Your child's ten-digit student ID number or Statewide Student Identifier (SSID).
- [ ] The testing session ID.

**If your child has any issues trying to take a test, please contact their teacher or school.**
